DEVELOPMENT SECRETARIAT

Issues orders in the matter of restricting the further Cultivation of Tea in the State.

READ—

Representations made by the Mysore Planters' Association and other Tea Planters in Mysore in the matter of restricting the further cultivation of tea in the Mysore State.

ORDER No. D. 37-45—A. & E. 219-33, DATED CAMP MYSORE, THE 19TH JUNE 1934.

In order to improve the prospects of the tea industry, an International Scheme for the restriction of export of tea was produced by the Indian Tea Association and this scheme which had the support of tea interests in other countries, was accepted by the Government of India. In accordance with this scheme, the export of tea from India as well as the extension of the cultivation of tea in British India has been controlled and regulated by the Government of India under the Indian Tea Control Act, 1933. To secure the benefit of this Act in regard to export facilities, the owners of tea estates in Mysore have approached Government with the request that further extension of the cultivation of tea may be prohibited in the State. The Government of Mysore have already decided not to grant new lands for the cultivation of tea in Mysore during the period the control is exercised in British India. They further direct that a notification be now issued prohibiting the further extension of tea cultivation in Mysore.
